Uncle Sam Brings Your Mail To You. Comes April First.

Parcel Post Will Be Delivered
Tues., 12 Cent Bid Is Received

The Citizenry of Belle Glade is invited to attend the 7:30-90 minutes meeting at the 12th Street and Avenue E on Tuesday evening to watch the march of progress; in some cases local help will be of the "come-on" variety, because progress and growth are here and will transpire as local folks if we do our part.

An example of "come-on" is the announcement of Postmaster General that on April 1st parcel delivery will begin operating in the heart of Belle Glade. The local Chamber of Commerce initiated the urge for mail delivery and advanced the securing of new post office quarters.

Local business leaders joined in and equipment with such lights and a thumb operated bell are on hand for the use of the two carriers estimated needed for the service.

The Postoffice Department practicing frugality in operating service to the public will have a carrier who will "carry the mail" at its price in delivering parcel post. We await what it would do if Senator Smith and Congressman Smathers in their political race should decide to flood Belle

(Continued on Page 2)

BG High Joins Seven Others In New Conference

Belle Glade High was one of the eight schools forming the new South Coast Association which met at Stuart last Monday night. The meeting had been called by Stuart's principal, Erwin Johnson, to draw up a constitution and by-laws which had been drawn up two months ago.

Johnwick, who had served as temporary chairman at the meetings, was elected president. William Chiles, Vero Beach principal, was elected vice-president. Directors are: Frank G. Hobson, Pahokee; George H. Ladd, Clewiston; Larry Walden, Clewiston principal; and Hunk Slade, Fort Pierce coach. Secretary-Treasurer is to be appointed from the Stuart school faculty. The loop priority is on that faculty, this should allow closer cooperation between the two.

At the same time, which last Friday night, the conference received its official name by vote. The Sun Conference will function beginning this fall.

A regular school schedule will be set up for September of 1952.

Melbourne High, which was represented at the original meeting, did not join the conference.

PAR-TEE LINE
Belle Glade Country Club of the
By Adele Neumann

A twenty man golf team will represent Belle Glade's Country Club of the Everglades Sunday afternoon at 1:00 in a Clewiston tournament according to Dan Hunter, local director.

Tentative list of team members includes: J. McKeever, Luther Jones, C. E. St. Sr., W. F. Rhodes, O. G. McWhorter, J. R. Jones, Michael Murphy, Jr., Dr. W. J. White, Robert Bass, E. B. Moore, W. R. Dickenson, William Gruber, E. E. Kirchner, M. W. Kirk, Louis Gold, Max Glenn, L. Betner, and W. C. Lovell, local.

McCard's assumptions that what is being formed for golf will work out to play every Sunday.

Regular Sunday put lock hump at the club will be under the direction of Mrs. Hubert Bass, secretary.

Those assisting are: Mrs. E. Horard; Mrs. R. D. Cannon, Jr.; and Mrs. Herman Sasser.

Picture at the speakers table of the annual Belle Glade Chamber of Commerce Glades dinner are standing: (left to right) John Hollinger, legislative representative; Henry O. Earwood, past president of the chamber of commerce; Mrs. Edward Earwood; Mr. R. J. Hobson, hotel manager; installed president of the chamber of commerce; and Herbert Becker.

The dinner was held March 9 at the Country Club of the Everglades.

Blood Bank To Be Set Up At Osceola In Full Swing Tuesday Morning

A blood bank will be set up in Camp Osceola Clinic building from 8:30 to 12 Tuesday morning, according to Dr. W. E. Williams, head of the Palm Beach County Health Department. Local citizens are urged to contribute blood to the Red Cross.

For the past month, blood has been donated from the Everglades area, reports Helen E. Larimore, executive director of the Red Cross.

Blood transfusions are an important factor in the treatment of tuberculosis. The new blood bank will be open to the present crowded conditions in state hospitals.

All prospective donors are given the following instructions: Do not eat a regular breakfast. Eat dry toast with jelly if desired, bacon, eggs, ham, or fruit or fruit juice. Do not eat any kind.

The amount of blood extracted will help determine whether donor, and the time of his work immediately.

Car-Lot Shipment Declines 21 Loads Since Last Week

Rail shipments will decline 21 percent in April for the Glades vicinity during the week ending Wednesday. This represents a drop of nearly 10 percent from the week before, which moved out two weeks ago.

Trucking figures as compiled from I. M. Walling, Vinton H. Sona Trucking, and J. W. Brown reveal approximately 189 loads went out.

Railroad loadings are as follows:

	North End		
	Wk. End	Mon.	Sea.
Beans	62	26	25
Cabbage	0	106	31
Carrots	0	0	304
Celery	28	274	137
Onions	0	10	196
Chili	0	0	14
Corn	0	8	2
Endive	0	0	2
Potatoes	0	2	274
Lettuce	0	0	11
Mix Vegs	9	69	73
Peppers	1	4	2

Beaux Arts Play Reported Success By Club Sponsor

"Keep Dreaming," a play produced by the Beaux Arts members of the Belle Glade Club under sponsorship of the local Women's Club last Saturday night in the high school auditorium, was a great success, according to club officials.

Approximately 175 attended the comedy revealing the life of vaudeville actors and writers.

Mora of the play was girl who goes for city slickers, lost in the country, but hard working, sister.

The Women's Club may be able to arrange with the Beaux Arts to produce another play at the club.

McCard's Jewelry Hires New Watch Repairman

Hann Horse, young watch repairman, has moved from Ft. Lauderdale to take over the repair bench at McCard's Jewelry.

Horse, who resides here with his wife, has had several years of experience in the watch repair business.

City Fathers Say "No" To Wallis' Plan Of Payment

Postponed Until October

Good Old Democracy at work was poignantly evident Monday morning when the City Commission said "no" to Alvin Wallis' request for acceptance of a plan of restitution for his client Dutch Wallis at a special meeting attended by various groups and individuals.

The Commission members listened, granted to those who wished to be heard the arguments presented, expressed views to the City's governing body.

Expressed sentiments of individual members of the Commission vary as widely as did the express and implied reasons of those appearing against the proposal.

The proposal: to put into escrow \$5,000—available at 12 noon—of the City's meeting with the State of Florida.

One shipper, Leiland Pease, has moved a thousand heads of beef cattle since January 15, most of them headed to Jacksonville, Ocala, Miami, Tampa, and other Florida markets. Most of Pease's cattle are from the Everglades area.

Blood transfusions are an important factor in the treatment of tuberculosis. The new blood bank will alleviate the present crowded conditions in state hospitals.

All prospective donors are given the following instructions: Do not eat a regular breakfast. Eat dry toast with jelly if desired, bacon, eggs, ham, or fruit or fruit juice. Do not eat any kind.

The amount of blood extracted will help determine whether donor, and the time of his work immediately.

Trucking figures as compiled from I. M. Walling, Vinton H. Sona Trucking, and J. W. Brown reveal approximately 189 loads went out.

ASSOCIATION**Satisfied Customers**
A company grows best if its customers like its products.

Unless a company produces something that meets the public's wants, and of quality and price, it must meet public demand, no amount of advertising can make that company a success. The story of American industry is the story of little companies that grew big because they had satisfied customers.

When someone maintains that a company is a monopoly only because it is big—that's silly talk. If a big company didn't satisfy its customers, another would soon take over the job—and become big in its turn.

United Community Drive Wins Industry And Jobs
An example of what united community effort can do without outside aid was furnished recently by the town of Hazelton, in Pennsylvania.

Hazelton's 40,000 residents have been chiefly dependent on the mines, which employed 14,000 in 1912.

Then strip-mining began, successively in competition with the deep mining of the Hinsdale type. In 1949 the deep shaft mines around Hazelton furnished fewer than 7,000 jobs. This town's school enrollment, 7,100 in 1933, slipped to 5,300 in 1948 as the number of children left in search of work.

Hazelton's drive to attract new industries was partly because it isn't on a main highway or main railroad line or airline. The town's chamber of commerce tried unsuccessfully until 1948, to attract some of the country's building sites.

But finally an Ohio manufacturer of electrical equipment agreed to put a \$1,500,000 plant in Hazelton on certain conditions. He said that first Hazelton residents must subscribe \$500,000 and borrow another \$700,000 to pay part of the cost. The company would pay \$90,000 per year to the town.

Hazelton went to work. Bankers, merchants, doctors, lawyers, and laymen pledged subscriptions. Labor unions joined in, too, paying \$1,500. By united effort, the sponsors obtained \$600,000 in pledges.

The new plant was built, and was dedicated recently. It will employ from 500 to 2,500 workers, depending on rate of production.

VICKIE HOLLINGSWORTH

Continued from page 1
Sister Vickie, Sandy Harris, Joyce Lynn, Shirley Miller, Kim Kirchner; Beverly Tahit, Janice Gilsson and Janet Holt.

The program was concluded with crowning of the queen after which the audience had been counted.

Accompanists for the evening were Mary Ann Womack and Harold Dobson, master of ceremonies.

Mrs. Ray Litchfield, FHA sponsored amateur piano solo; Barbara Michaels, solo; Linda Connell, piano solo; Sandra Fay Davis, piano solo; and Francis Fontaine, piano solo.

An Easter Parade included Gwendolyn Riddle, Sandra Govia, Ouida Lanier, Carl Lovitt, Tommy Dunlap, Anna Mae and Irma Stein.

Appearing in the local talent show were four students in test, representing 1st through 12th grades, were: Barbara Kirchner, piano solo; Jane Kirchner, piano solo; Frances duot; Nut Wiggins, solo dance; Paula Parson, piano solo; Barbara Michaels, solo; Linda Connell, piano solo; Sandra Fay Davis, piano solo; and Francis Fontaine, piano solo.

An Easter Parade included Gwendolyn Riddle, Sandra Govia, Ouida Lanier, Carl Lovitt, Tommy Dunlap, Anna Mae and Irma Stein.

"Opposite the Majestics" was presented by Page 1 Club members, copies of the professional Rhythmic Gymnast Yearbook, or voluminous reports of hearings. If Senator Holland and Commissioner McTaggart, Mary Frances Elmer, Bessie Martin, Kenneth North, Betty Jane McDonald and Mrs. S. J. Kennedy, solo, Raymond Collingsworth; piano solos, Glenda Dell and Deana Custer; twirling, Lee Sasser; vocal solo, Mary Bell Schleicher, Clark Womack, Bill Mathis and Dorothy Kidder; piano solo, Lee Braddock; piano.

Anyhow, from now on the word "postman" means something else.

Handy Peterson and Easy Roberts got in quite an argument the other day over at Fred's Garage, which is the last spot to stop up at Green Lake.

"Opposite the old sawmill is the best spot," says Fred. "I've got the biggest trout ever out of Cedar Point," says Easy. "I've been catching them there for years."

There's a lot of fun in life, and brings out the biggest mounted rainbow trout you ever saw. "Bet that was caught at the sawmill," comments Handy. "Cedar Point."

Copyright, 1950, United States Rubber Company

From where I sit... by Joe Marsh

Handy and Easy Are Both Wrong

says Easy. "Well," says Fred, "you're both wrong. I caught the biggest trout out in the middle of the lake."

"There are always two (or more) sides to every story. Let's live and let live in the true American tradition of tolerance," says Fred. "I've got a lot, but so is the fellow's—whether it's on politics, the best way to get to heaven or whether he likes a temperate glass of beer and you like butterflies."

Joe Marsh

We are proud of our additions to the library. We now have over 1000 new books. This section is labeled Reference, and all encyclopedias and other reference books are collected in this new section.

Junior Collins will receive a certificate of award for his fine Temperance study. "Blaze Gladie" which received honorable mention in the Temple group.

"Packing House," by Curtis Peeler, received a highly commendable award. It is a splendid piece of work by Mrs. Helen Spack, director of the Miami show.

Junior Collins, Ronald Jones, Irene Miller, Esther Green, Mary Frances Harkness, Mrs. Mills, Irene and Beverly Hall, students of Mrs. Earwood's class and have made splendid progress this year.

Harris Addresses Carpenters On Pepper

Members of the Local carpenters Union heard an address by Mr. and Mrs. Karl C. Campbell, president of the Woodmen of the World, March 13, at the Belle Glade Memorial Hospital.

Mr. and Mrs. G. M. Waters, Jr., Clewiston, Florida, are parents of a baby girl, Barbara

meeting which will be held in Moon Haven, March 31, two days before the start of the State meet, to be held in Clewiston, April 29. The winners at that meet are slated for the State meet to be announced at a future date.

The meeting will feature contests in pitching, horseshoes, playing softball, quartet singing, square dancing and musical programs. A harmonica contest is also scheduled.

Winners of these contests with the highest scores will be entered in the state competition.

The Belle Glade chapter met in the high school during sixth period yesterday to prepare for the Moon Haven competition.

This chapter, boasting about 90 members, has the distinction of being Florida's largest.

School Library

The library staff finally finished putting the new books on the shelves last week. Instead of wandering aimlessly about the shelves, the students can now take a walk around the library and go straight to the type of book he is looking for. We have new large reference books. This section is labeled Reference, and all encyclopedias and other reference books are collected in this new section.

Harris Addresses Carpenters On Pepper

Members of the Local carpenters Union heard an address by Mr. and Mrs. Karl C. Campbell, president of the Woodmen of the World, March 13, at the Belle Glade Senior High School. Club will be held at the District Vocal Music Festival at Miami on Friday, March 17. There will be a competition there for the first time in history of the school. Each year they may sing two songs, one solo, one duet, one national and state music lists to be chosen by eminent musical critics of the state. The local club will compete in the "Singin' Airs," a version of "The Lord Is My Shepherd" and "Kod Su Gravy Moje," a Slovak folk song.

This year Dr. Harvey Woodruff, well known to the eleven students who attended the State Club at Tampa in December, will be one of the judges and will also conduct a massed chorus of all the district vocal contestants. The competition will be held at the school in the district high school to the largest in Miami. Belle Glade is happy to be a part of it.

Following close on the heels of the operetta presented by the club on March 3, the club will present its second annual two hours heralds daily after school hours. Through their efforts to raise money for the club, the club will be able to help the club to continue its work.

The Gle Club leaves by bus at 7:30 Friday morning. They will give their own refreshments in the morning, and have breakfast at 7:45 a.m. Under Dr. Woodruff and the appearance of the club, the Gle Club will be a success. The parents and friends are urged to attend this festival to receive the benefit of the club.

Mr. and Mrs. G. M. Waters, Jr., Clewiston, Florida, are parents of a baby girl, Barbara

Jean, born March 8, at the Belle Glade Hospital.

SERVICE OFFICER TAKES CARE OF YOUR HOME SEEKING CLIENTS

517 Ave. A

IN 1944 a young Geeve by the name of Claude Jones who was a member of the Service Office in the Glades continually had his clients "give Gevees" in his name, almost to the point where he could hardly justify in his own mind the high cost of living quarters for an office around \$200.

Pleading and diplomatic intervention by Senator Peeler resulted in the new deal. Harris pointed out that the Senator had had a hand in virtually all legislation since his advent in the Senate.

"He has one of the most patriotic records in America," said Peeler.

Peeler addressed the authorities concerning the new deal and fire plan after J. Leo Pickett had surveyed the property and staked out 62 lots, each 75x100.

At that time there are six homes built or building and four more being definitely planned for early construction.

The result of Peeler's efforts the Service Office gives \$62 per month for fire insurance and the monthly homestead tax.

Never has it been so easy for a Geeve to secure a home if he deserves one at minimum cash investment and at minimum monthly carrying charges.

LEON AUXILIARY TO ATTEST DEDICATION AT CORAL GABLES SUNSHINE

Under the direction of finance Mr. Guy Wood, the Woman's Club received a very interesting exhibit of antiques and hobbies, replacing the regular meeting, Wednesday afternoon, March 14, at the home of Mrs. Lorraine L. Chapman, 1000 NE 1st Street.

Antiques and household items were marked as to history, age and value, and the collection was presented to the club.

Never has it been so easy for a Geeve to secure a home if he deserves one at minimum cash investment and at minimum monthly carrying charges.

An interesting display of hobbies included a large collection of story-book dolls belonging to Miss Kishala Vanderwater; a display of alpines, by Mrs. J. F. French; and many other interesting entries.

The room was beautifully decorated with all types of cut flowers. Outstanding arrangements were displayed by Mrs. Luther Jones, Mrs. Alma DeLaney and Mrs. Van Von Hollebeke.

At the conclusion of the meeting, Mrs. L. B. Clement, Mrs. Leilani Pearce, Mrs. James Harris and Mrs. Jack O. Johnson, the wives of the Gle Glade Auxiliary and the junior auxiliary units have donated toward this room.

FIFIELD APPOINTED

Continued from page 1 and from July 1, 1940, to December 31, 1940, was horticulturist acting in charge of this station.

On January 1, 1941, he became director and six months later became assistant director. He was on military leave from March 8, 1942, to December 31, 1945. He is a member of the Tau Delta fraternity, which he was president in 1928. He was president of Alpha Zeta, honorary agricultural fraternity, in Chapter, Reserve Officers As-

1930. He also holds membership in Thryrus, Phi Sigma Gamma, Alpha Epsilon, South Florida and Beta Theta Pi.

Mr. Fifield has been a member of the State Horticultural Society for 21 years.

In the scientific field, Mr. Fifield has been recognized by election as a Fellow of the American Association for the Advancement of Science. Also, he is a member of the Soil Science Society of America.

During his active research career he was a member of the Florida Society for the Advancement of Science, Potato Association of America, and Florida Academy of Sciences.

His research includes a bulletin on potato growing in Florida, published by the Experiment Station, and co-authors of publications on citrus fruits and fertilizer experiments with potatoes on marl soils. He has written numerous articles for scientific and popular journals.

New Panhandle Association Organized Recently

A Glades Panhandle Association was organized at the meeting held March 9 in the home of Mrs. Ralph Mathes. Representatives from all local cattle groups attended.

Group members set the first Tuesday of each month at 3:30 p.m. as the regular time for meetings according to Mrs. George C. Young, one of the organizers.

All officers of national cattle organizations were invited to attend the next meeting, which will be held at the home of Mrs. Young, 900 Main Street, Northwood Court, at 3:30 April 13.

Those attending the organization meeting were Mr. Joe Fredrickson, Mr. Guy W. and Mrs. Ralph Mathes, Miss Pauline Blank, Mrs. James Ball, and Mrs. George C. Young.

Tea was served following the business meeting.

Farmers Look To High Protein Feeding.

Low Marketing Costs

Workers with the Florida Agricultural Experiment Station and Extension Service are

saying that despite begin-

ning this year will be one of great

progress for Florida farmers

in the things they do, as well

as suggestions they offer for

bringing about more progress

on Florida farms.

With crops, with highly

perishable citrus fruits and

truck crops predominating,

will improve marketing efficiency,

reduce production costs and

prove quality of their products,

as well as continue their pro-

duction efforts for great pro-

gress during the next few years.

Too many marketing agencies

are operating, each with a re-

latively small volume and high

high cost of operation, which

reduces their profit margin.

With the prospect for lower

prices for farm products, while

costs remain high, the farmer

will well give his attention to

production efficiency.

To maintain income at a

high level, however, per-

haps the best way is

in which the farmer will

obtain this include:

Use his best land for culi-

nated crops.

Cultivate closely.

Use fertilizers, minor ele-

ments and pest controls judi-

cally.

Give careful attention to la-

bor force to increase effi-

cency of workers.

Adopt carefully planned

work methods and use im-

proved machines and mechanical aids.

Use adapted, variety and

good seed.

Keep, and study, cost re-

cord books.

To improve the quality of

farm products, it is necessary

not only to grow the best varie-

ties but also to handle the pack-

house to see that the

marketing agency does a good

job to insure top quality reach-

ing the consumer. Florida farm-

ers are definitely advancing

along this line.

Assistant Ag. Engineer

Named For Ex Station

Appointment of seven new

staff members of the Main Sta-

tion, two branch stations and

one experimental station, announ-

ced by Willard M. Fifield, di-

rector of the University of Flori-

da's Agricultural Experiment Sta-

tion.

Appointments, mostly to re-

place resigned workers, have

been approved by the State

Board of Control. Some of

the newly ready workers and others

are expected to report soon.

Kenneth A. Hedges has been

named assistant agricultural en-

gineer at the Belle Glade Ever-

glades Station.

Mercy in Action

You, too, can help through Your RED CROSS... GIVE NOW!

tion to make it accurate."

Mr. Clayton explained that Florida has many tractors more electrified farm homes, more acres in improved pasture, and more cities and towns and some other crops than it had five years ago, when the last agricultural census was taken. The growth and other developments should be recorded. "Just as it is good business for a merchant to take inventory and know what he has, so it is advisable for the government to take an agricultural inventory every five years."

Many farmers will receive sample copies of the census questionnaire by mail so they can fill them out and ready for the enumerator when he arrives.

The questionnaire, made out for farmers throughout the state, will be distributed in sections that do not apply to them.

The Extension Service official pointed out that information contained in the questionnaire is confidential and cannot be used for any other purpose.

Individual farm information is available to the Red Cross, which in turn will be provided to the Red Cross will be to provide the food, shelter, clothing, medical aid and long-distance telephone service needed.

"The forthcoming census,"

Mr. Clayton asserted, "should be as accurate and inclusive as possible, and I feel sure that Florida farm people will give their full cooperation to make it so."

Completing a special technical training school course for their background experience and test scores, according to Herman C. Clewiston, assistant director of the sixth congressional

District Census.

Geared to go places...

Graduates of the Army's technical schools have the advantage of having been trained under experts in their field. They are well prepared for a successful career in uniform or out. In addition to the regular pay and allowances an individual may receive, he will have good living conditions, retirement benefits, and can look forward to unlimited opportunities for advancement, and a life of travel and adventure. Yes, you can have a career in the U.S. Army or in the U.S. Air Force. Get the full story from your recruiter today for a career with a future.

Florida Had Greatest Farm Income Increase

Florida's gross cash farm income last year was 19 percent above 1949, the highest increase in the nation, the Florida State Chamber of Commerce pointed out today.

The second ranking State in the report, Texas, with a 10 percent gain. Nationally farmers' cash receipts were off 10 percent.

Florida farmers received a total of \$309,523,000 for their crops in 1949. Making up this total was \$303,937,000 from the sale of all fruits, vegetables, nuts and field crops and \$94,

\$16,600 from livestock and live stock products.

This week's business review of the State Chamber's research and industrial division reported as 1949 ended, the highest increase in the nation, the Florida State Chamber of Commerce pointed out today.

The second ranking State in the report, Texas, with a 10 percent gain. Nationally farmers' cash receipts were off 10 percent.

Florida farmers received a total of \$309,523,000 for their crops in 1949. Making up this total was \$303,937,000 from the sale of all fruits, vegetables, nuts and field crops and \$94,

Smathers Conducts Tour Through West Florida

Rep. George Smathers in a series of campaign speeches in West Florida this week said it is time once for me to get an education, I did not choose to leave Florida for a Northern institution which has no means to teach some people with an alien philosophy."

"Felix Frankfurter had nothing to do with my education. I was not trained under the criminal banner of Harvard, but of Florida,"

Others referred to his stand on agricultural legislation and said he had been proud to vote for assistance to Florida farmers against the big-economists who cut down liberties of both individuals and families.

"If you are receiving any benefits now," he added, "they have no fear of losing them with me as your Senator. They are yours to keep, and my job is right to take them from it. It's the public's money and it does not belong to any one man."

The National Guard: Our Part-Time Army

The citizen-soldiers who voluntarily devote many after-work hours to training in the National Guard, are a vital factor in America's blueprint for defense.

In every war America has fought, the National Guard has been the core of trained soldiers who have formed the nucleus for hard-hitting divisions and armies; observes the February Coronet article.

Uniquely, our Part-Time Army.

Unique in its membership.

Unique in its organization.

Unique in its training.

Unique in its contributions to the welfare of the U. S. Army. More than 360,000 men throughout the country to train their civilian skills and to participate in drills, war games and military tactics as volunteer soldiers; one night a week.

Each state organizes and controls its own Guard, with the Department of the Army in turn, training, equipping and arming the instructors supervising training.

The governor is the only man in peacetime who can mobilize the Guard, but states always have duty solely within state boundaries—unless in the event of a national emergency, the president orders it to Federal service.

The National Guard is the vehicle through which well-trained men, prepared in their own time, serve.

Cornet declares: "Their sacrifice signifies far more than the cost of their preparation to drill and maneuveres.

For every officer and soldier knows that he will be first to go if war breaks out."

"But more," concludes Cornet, "quietly and virtually unheralded, these volunteers militiamen have carried on the traditions etched by their courageous ancestors at Lexington and Concord."

College Graduates Seek Positions

Finding suitable jobs for the 230 students who will be graduating from Florida State University in Tallahassee and Florida Southern College in Lakeland, is the main purpose of the aim of the Florida State Employment Service placement program.

The students, who will be graduating March 15 and 17 respectively, represent 43 different fields of training. Courses such as accounting, business, hotel and restaurant management, journalism, political science, physics, and many others will be represented.

To the grad students the field of education is well represented by 62 graduates specializing in secondary, intermediate, or university work including some in business education and some in physical education.

Employers interested in employing graduates may call the Florida State Employment Service office in Tallahassee and send applications from the graduates with the qualifications desired. These qualified students will be advised of the opening and assisted in making applications.

According to Dr. Fons A. Hathaway, Director of the Employment Service, the great majority of parents of the students are finding jobs for their children.

The Florida educated graduates in Florida have found the elementary field offered greater security for the teacher, better selection of position and more chance of repaying the

ACCENT IS ON STYLE IN 1950 CHRYSLER MODELS

The Chrysler 1950 New Yorker four-door sedan, showing the new front end, a new steel top "convertible" with distinctive side curtains, new radiator grille, better visibility from the large rear window and powered by the 125-hp. Spitfire engine.

Rear view of the Chrysler Windsor series Newport, a new steel top "convertible" with distinctive side curtains, new radiator grille, better visibility from the large rear window and powered by the 125-hp. Spitfire engine.

Interior of the 1950 Chrysler New Yorker four-door sedan, showing the new top on the doors, a new leatherette door panel upholstery and the center arm rest in the rear seat.

Completely new and distinctive styling provides added room, chair-height seats and ease of entrance and exit in the 1950 Chrysler line. Among the important improvements are new grille, longer rear fenders carried to their full height, and a new front end.

The car is known as a special club coupe, but in effect is a four-door sedan. It has a distinctive grouping of tail light, stop-light and turn signal lamps, a new sleek, glistening rear end, and a new steel top "convertible" with distinctive side curtains.

One newly designed model, the New Yorker, has individual seats.

It is known as a special club coupe, but in effect is a four-door sedan. It has a distinctive grouping of tail light, stop-light and turn signal lamps, a new sleek, glistening rear end, and a new steel top "convertible" with distinctive side curtains.

Appliance improvements include a new front bumper, a new steel top "convertible" with distinctive side curtains, new radiator grille, better visibility from the large rear window and powered by the 125-hp. Spitfire engine.

Interior of the 1950 Chrysler New Yorker four-door sedan, showing the new top on the doors, a new leatherette door panel upholstery and the center arm rest in the rear seat.

Styling features have been incorporated in the sixes and in the eightes so that in addition to the new grille and side curtains, there are no popular items in the 1948 models.

Interior of the 1950 Chrysler New Yorker four-door sedan, showing the new top on the doors, a new leatherette door panel upholstery and the center arm rest in the rear seat.

More than 1,000 Florida students have participated in the program since 1944, Bailey reported.

Invitation To Bid On LE-8 Delayed

Invitations to bid on the construction of canal and levee L-8, part of the Central and Southern Flood Control program, have been delayed until the middle of March.

Bids will be open twenty days after the invitation is issued according to Colonel E. W. Pease, District engineer.

Canal and levee L-8, to start near the mouth of the Caloosahatchie River, will bend northward toward the St. Lucie Canal.

What value would you place on your telephone?

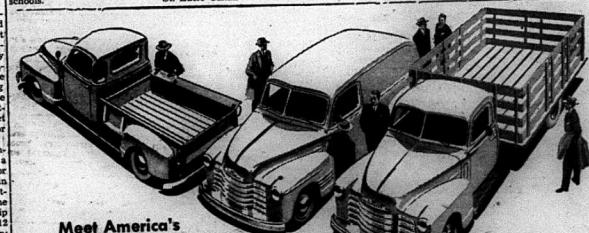

What value would you put on your telephone if you were to name your own price? What value would you place on those errands your telephone runs, all over town, in good weather and bad? What is it worth to chat with friends and relatives whenever you please . . . or to make a date for bridge or golf?

What value would you put on that hurry-up call to the family doctor . . . or on those important business calls you sometimes receive at home? What is the price tag on a familiar voice wishing you a heart-warming "Happy Birthday."

Probably you'd find it almost impossible to estimate the full value of constant dependable telephone service. When you think how much it does for you compared to what you pay, telephone service stands out as one of today's real bargains.
